Subject: **ANDROID MOBILE VERSION OF ELECTRONIC**  
**SELF-LEARNING MODULE (E-SLM) AT DEPED COMMONS**

The Office of the Undersecretary for Administration (OUA), through the Information and Communications Technology Service – Educational Technology Unit (ICTS-EdTech), announces the availability of electronic copies of the DepEd Self-Learning Modules (eSLMs) through the DepEd Commons. This is one of the numerous innovations and projects under the OUA and ICTS-EdTech since 2019 to support the requirements of the K-12 Curriculum and ease the access and availability of resources that are cost-efficient and effective.

The manifestation of using paper-based resources requires a bigger budget and human resources for printing, preparation, and distribution of the materials. The ICTS-EdTech, through the platform of AppsGeyser, utilized the power of emerging tools that can support and cater to the delivery of digitized resources, which have been quality-assured by the DepEd Bureau of Learning Resources (BLR). These ready-to-print self-learning modules (SLM) from BLR were converted into an Android Mobile Version, easily sharable through Bluetooth, ShareIt, or a cable plug. The software is a forward technology that cannot be altered and printed. The electronic version is a viewable tool in a compact mode that is compatible with any Android device, such as tablets and smartphones.

To download these Android mobile versions of e-SLMs, access the DepEd Commons, follow the step-by-step guide (Annex A), and ensure proper access. The available resources that were converted (Annex B) came from the Microsoft Teams of the BLR and the same resources uploaded by the ICTS-EdTech at the DepEd Regional Learning Management System (DLMS) before the start of S.Y. 2021-2022.  
**The 247 Android mobile version of eSLM will be available on 07 January 2022.**

The teaching force is highly encouraged to maximize these resources since numerous households already own a smartphone with Android Operating System. In line with these innovative tools, the ICTS-EdTech will conduct empowerment training sessions and webinars concerning mobile application development starting February 2022 using different platforms that will continuously upgrade and reskill teachers in the Philippines.

For questions, concerns, and clarifications on this subject, kindly contact Mr. Mark Anthony C. Sy, Head of the ICTS-Educational Technology Unit (EdTech), through email at [mark.sy002@deped.gov.ph](mailto:mark.sy002@deped.gov.ph) .

2. Select if your school is public or private.
3. Provide your School ID Number.
4. Select if you are a student or a teacher.
5. Type your complete name.
6. Provide your email address (required only for teacher accounts.)
7. Click Continue as Guest.

**NOTE:** You can also log in to your account if you were previously provided with a DepEd Email address.

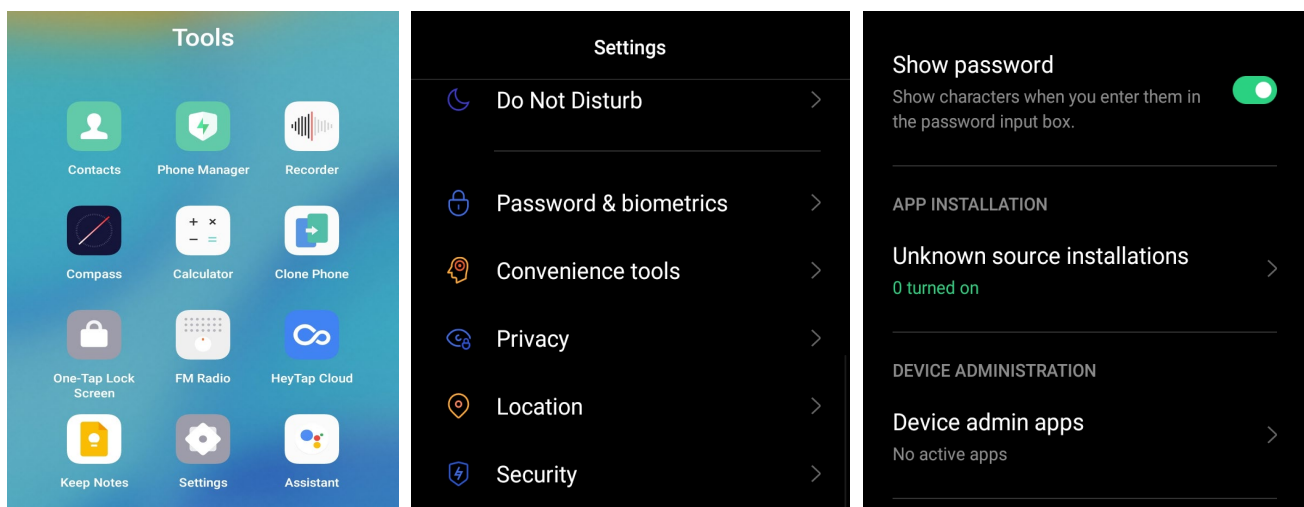

#### Once successfully logged in DepEd Commons, please do the following:

1. Select the Grade Level.
2. Select Educational Apps.
3. Click the preferred resources.  
(You can also use the Search box by typing the subject and clicking the Search button.)
4. Click Download File.

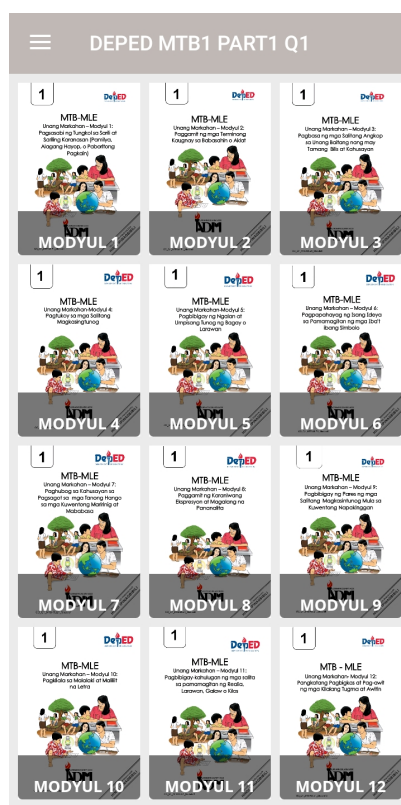

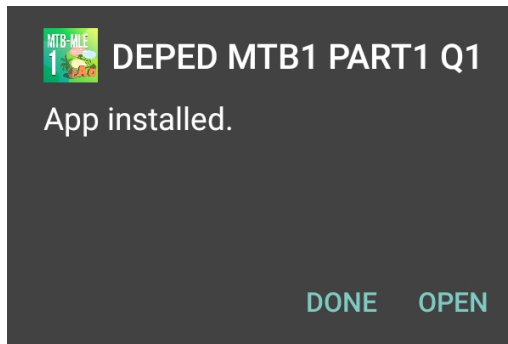

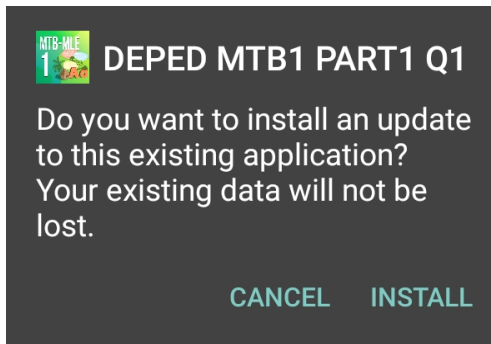

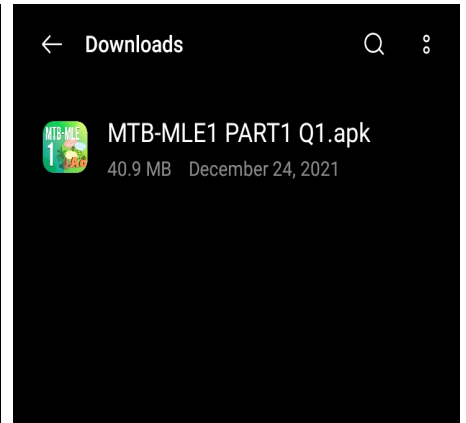

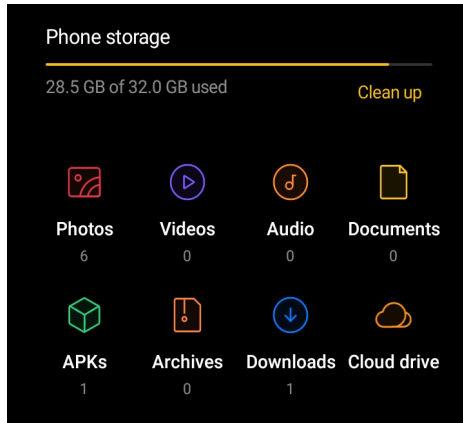

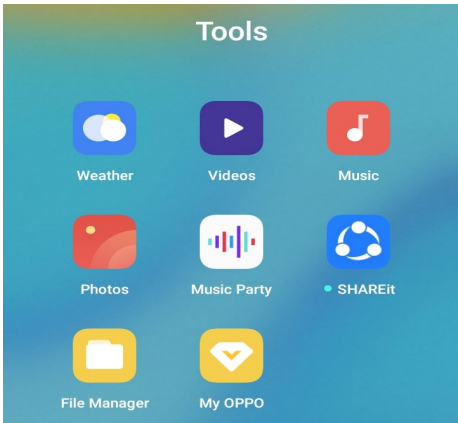

**Make the necessary adjustments in your device settings. This is done only once to make sure that the native application will have a successful installation.**

1. Click Settings and select Security.
2. Click the Unknown source installations and turn it **on**.

## Installation Process

1. Go to the File Manager or Downloads folder and select the downloaded file.
2. Click the file with an extension name **.apk**.
3. Once it loads, hit the install button. (Make sure to click “Allow” button once prompted.)
4. Click Open to run and open the eSLM Android version.
5. Click the Module to open. (Take note that there are modules which are segmented into parts to avoid long loading time.)
